CERTIFICATE OF AUTHENTICITY

With this certificate we guarantee the authenticity of the Yamato Scale spare parts and confirm that they are of the highest quality. These electronic and mechanical spare parts are identical with the components that are used in our plants during the original manufacturing of our weighers. The original manufacturing quality safeguards the perfect operation of the weigher and returns it to its original state following a repair.

We certify that these spare parts comply with the applicable with the fundamental health and safety requirements according to the machine guidelines 2006/42/CE, the EMV guidelines 2014/30/EU, the EU executive order no. EC Nr. 1935/2004 for materials in contact with foodstuffs, the EU Commission executive order no. Nr. 10/2011 on the RoHS Guideline 2011/65/EU and the Low Voltage Directive 2014/35.
